

**The 19th HOT, your HORIZONT user conference,
in Munich, Germany.
From Monday, 4th to Wednesday, 6th of July 2022.**

- for the **15th time with Germany's largest trade fair** in the field of workload automation (scheduling)
- Comprehensive and diverse selection of **presentations, workshops and discussions**
- **First-hand information**
- More benefits for all users and vendors
- The 1st time with **international visitors and English presentations**
- The conference hotel (**Hotel Leonardo Royal, Munich**) is centrally located near the Olympic Park with optimal public transport connections

Info for our user

- With **more than 150 participants** and **10 exhibitors**, the HOT is the **largest fair** plus conference for Workload Automation in Germany.
- Besides HORIZONT, the most **renowned and largest software vendors** use the HOT as a forum for their products:
Beta Systems, BMC, Broadcom CA, IBM, ...
- HOT's **focus is on the participants**: operations planners, system administrators, freelancers, group leaders, managers.
- The HOT takes place in Munich since 1997.
- In 2022 the **HOT takes three days**:
On day 1 (4th of July) you will get to know **important and new things about HORIZONT**.
- On day 2 + 3 (5th + 6th of July) there is the **fair including vendor presentations**
- Numerous **breaks invite to contacts, conversations and discussions**: Users with developers, vendors with customers, technicians with users, or everyone with everybody.

For you as a user, the participation at the HOT is free of charge

Info for the vendors / exhibitors

- We again expect **150 users** in the **German speaking track**.
- New in 2022: We are planning an additional **international track**.
- The fair and the presentations by the vendors are the main focus of the event.
- Users and vendors can participate in a **joint evening event**.
- On day 2 + 3 (5th + 6th of July) there is the **fair including vendor presentations**
- The most important software vendors inform about their **latest products** - direct, up-to-date and comprehensive.

Our vendors / exhibitors were and are:
